

GENOCIDE IN RWANDA

1994

Following years of persecution, approximately one million Tutsis were murdered alongside moderate Hutus in Rwanda in just 100 days. Extremist Hutu leaders used radio and word of mouth to encourage killing squads to carry out the Genocide by hand.

“Writing is really important to me. My family’s story had only been told through a government’s genocidal propaganda. Now we’re reclaiming our narrative.”
